DESIGN PROJECT

Tutelage

PHILADELPHIA, PA

Front/Backend Developer

January 2023 – June 2023

- Collaboratively spearheaded the design and development of an online tutor finder website specifically tailored for Drexel students with two classmates
- Successfully programmed in HTML, PHP, and CSS, effectively utilizing SQL databases, and executing queries, resulting in the development of efficient and user-friendly web applications
- Worked with a cross-functional team to implement projects using the Agile development methodology

PROFESSIONAL EXPERIENCE

SGS & CO

NEW YORK CITY, NY

May 2023

- Assisted in the decommissioning and relocation of a data center, ensuring a systematic disassembly of hardware
- Played a role in uncracking and safely organizing servers, network devices, UPS systems and other critical infrastructure
- Labeled and organized equipment, prioritizing critical devices for immediate unpacking and rapid deployment at the new data center location

EXPERIENCE

TARGET CORPORATION

PHILADELPHIA, PA

Front of Store

July 2021 – September 2022

- Delivered exceptional customer service by actively engaging with customers, addressed and resolved concerns, and consistently achieved optimal customer satisfaction
- Collaborated with team members to ensure seamless operations and meet store requirements
- Adapted to fast-paced and dynamic work environments, multitasking and prioritizing tasks to meet deadlines and deliver high-quality work.

HONORS AND SCHOLARSHIPS
